DAHLIAS

Planting time will soon be here and we offer the following Dahlias with every confidence that any one of them are as fine as you can buy anywhere else in this country. This list contains the best of the old and new varieties and we have grown them long enough to prove they are suitable to grow and bloom in this climate.

Our price is right and the roots are in good condition when we send them to you.

Abbreviations: Dec., Decorative, large flowering double Dahlia. F. D., Formal Decorative is a large flowering double Dahlia whose petals grow in the same regular formal pattern in each flower, like Jersey Beauty. I. D., Informal Decorative is a large flowering double Dahlia whose long petals show a slight tendency to twist or curl, presenting a shaggy appearance, like Jane Cowl. C., Cactus Dahlia is a Dahlia whose petals are curved under to form a long tube. S., Show Dahlia is over 2 inches in diameter and depth, forming almost a perfect ball.

On every \$2.00 order of Dahlias received in April, we will include 1 root of hardy Gypsophila (White Baby's Breath) FREE besides other extras.

On every \$4.00 order of Dahlias received in April we will include 1 root of Prince of Persia, FREE, besides other extras.
